Dear Ruffin:

I have put off writing you until now, as I have been planing to come south, but I find now I will not be able to make it.

I am enclosing you a contract which I hope you will sign and return to me.

We are opening camp April 1st in Jacksonville Fla. and will be hoping to pick you up on our way down March 30th.

I will appreciate hearing from you right away, so I will know what to plan.

I am glad to know you are married and have a family. I hope they are well. Everyone here send regards to you, and hope to see you with us.

Very Truly Yours
